

## Mobile Combined Waste Oil Suction/Drainers

### Combined waste oil suction/drainers with wheel mounted 90l tank

Extract used oil and other fluids from any vehicle using these venturi-vacuum extracting systems. Suitable devices to drain using gravity are waste oil from engines, gear boxes, and differentials of all vehicles. They are vacuum-charged units that are completely portable and easy to use.

- Six suction probes (metal and flexible) equipped with quick-disconnect couplers for fluid extraction.
- Adapters for BMW and Volkswagen.
- Adjustable collecting bowl height to work with jack lift or servicing cock.
- Equipped with a valve for collecting bowl to inspect drained oil before it enters the reservoir.
- Self-evacuating feature for easy and clean emptying.

### Technical Data
